

# Mrs. GOULD'S CLASS

WEEK OF JANUARY 11TH

[WWW.GOULDCONCLASS.WEEBLY.COM](http://WWW.GOULDCONCLASS.WEEBLY.COM)

## ✂ Slice of Life ✂

Check out our class blog at:

<https://kidblog.org/class/mrs-goulds-class9/posts>

Student entries are due EVERY Monday and Friday. Notebook entries are due each week prior to publishing day, and should be 1 1/2 pages long. Thanks for supporting our writers through encouragement and visiting our blog!

## 5TH GRADE UNITS OF STUDY

Writers completed unique projects to launch the new year, participating in "one little word." Each student chose one word that will guide and inspire them throughout the year. Ask your fiver about the word!

Math topic 5 begins this week. The focus is using models and strategies to divide whole numbers.

As readers, fifth graders are beginning to explore nonfiction & informational texts, all while maintaining

their important independent reading lives.

Fivers participated in the class Geography Bee today. Stay tuned for information about the school wide Geography Bee!

Have you visited our class website? Check it out for news and announcements, important dates and regular updates. It is a work in progress but is intended to keep you informed about weekly classroom happenings.

## Welcome Back, Fivers!

Students returned to school and jumped right back into our studies. Take some time to reinforce independent learning behaviors: using the agenda for daily homework assignments, homework completion, instrument practice & Slice of Life entries.

Happy New Year!

*deedee*

## Looking Ahead

Please remind your fifth graders that they should plan to take their jackets off during school hours inside the building. Dressing in layers is best this time of year!
